### *To make the coasters:*

1) Fold a corner of the 4.5" x 4.5" floral fabric.

2) Fold in both sides with 1/4" allowance and pin as shown.

3) Pin all the 4 edges of each coaster as shown and stitch all around to complete 4 coasters.

*To make the basket:*

1) Take the 7" x 5" floral print fabric and pin on the 6.5" x 6.5" basket. Leaving 1" from edge for 2 sides.

2) At the 4 corners of the floral fabric, insert in the ribbons as shown.

3) Now you should have pinned the floral fabric as shown here. Next, stitch all around it.

4) We need to add 4 more pcs of ribbons onto the basket base. Now, pin all ribbons as shown - 1" from the felt corners. When you have pinned all 4 remaining ribbons, you can stitch them on the felt.

5) Next, add the felt handle onto the basket, just position it at the centre of one side. Do the same for the opposite side and stitch it on.

6) You should be getting a flatten basket like this.

7) Now tie all the ribbons as bows and put the 4 coasters inside. All set and done!
